

Trip Charges

Some Tips To Help Avoid A Trip Charge

Mortgage Inspections

- Know location of wastewater system
- Make sure water well is up to code
- Educate yourself on proper well & wastewater system construction
- Make sure lagoons are fenced properly & vegetation overgrowth is removed prior to visit

Wastewater

- Homeowners should be present on all soil profiles
- Inspection ports, risers & filters are installed upon final wastewater inspection
- Lagoons properly fenced upon final inspection

Water Wells

- Make sure well has proper above ground construction components upon final inspection

A \$50 charge will be applied on the 3rd visit & each visit thereafter.
