WHEREAS, the local Health Officer is authorized and required, pursuant to K.S.A. 65-119 and K.S.A. 65-202 to immediately exercise and maintain supervision over known or suspected cases of any infectious or contagious disease during its continuance, and to issue orders seeing that all such cases are properly handled and that the provisions of the Kansas public health laws as to isolation, quarantine and disinfection are duly enforced; and

WHEREAS, the local Health Officer is appointed by the Board of County Commissioners and is authorized to prohibit public gatherings when necessary for the control of any and all infectious diseases, pursuant to K.S.A 65-119; and

WHEREAS, on May 26, 2020, the Governor of the State of Kansas declared a STATE OF DISASTER PROCLAMATION in order “to protect Kansas from the economic consequences of COVID-19 and the imminent threat of future outbreaks” and issued Executive Order 20-52 on July 2, 2020, a statewide Order pertaining to the wearing of masks or other face coverings, which Proclamation and Order have been extended and remain in effect; and

WHEREAS, since March 16, 2020 through November 16, 2020 there has occurred in Reno County thirty-three (33) confirmed deaths from COVID-19, 3,534 positive cases, 731 current community active positive cases, 146 total COVID-19 Hospitalizations, and 57 total COVID-19 admissions to its Intensive Care Unit; and

WHEREAS, in order to reduce the spread of COVID-19, the United States Centers for Disease Control and Prevention (CDC), the Kansas Department of Health and Environment (KDHE) and the Reno County Local Health Officer, all recommend implementation of community mitigation strategies to increase containment of the virus, including restricting large gatherings and social distancing in smaller gatherings; and

WHEREAS, to reduce the spread of COVID-19, measures that are recommended and considered effective by the Centers for Disease Control and Prevention (CDC), the Kansas Department of Health and Environment (KDHE) and the Reno County Local Health Officer, all

recommend, among other measures, covering one's mouth and nose with a cloth face cover when in public settings; and

WHEREAS, because the increased spread of COVID-19 also presents a serious threat to the continued effective operation of the local economy, the Reno County Commissioners along with the Reno County Interim Health Officer seek to assist businesses being prosperous and continuing to keep job stability within Reno County; and

WHEREAS, wearing a mask in public is one of the easiest and most effective ways to protect each other, help keep our businesses open and our economy running, and keep children in school; and

WHEREAS, in general, large public gatherings lead to heightened risks of large-scale COVID-19 person-to-person transmission; and

WHEREAS, the intent of this Order is not to deprive any person or entity of any rights protected by the United States Constitution, the Kansas Constitution, or any other law, but merely to set forth restrictions which would best protect Reno County residents against the community spread of COVID-19; and

WHEREAS, there are certain activities where the wearing of masks and face coverings is exempted pursuant to the terms of this Order where customers may be in the proximity of others for extended periods of time (such as when customers may be eating, drinking, or exercising), which means such activities present a heightened risk of a person infected with COVID-19 transmitting it to another person; and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the County's responsibility to provide for and ensure the health, safety, security, and welfare of the people of Reno County, requiring that masks or other face coverings be worn in public, limiting the size of public gatherings, ensuring social distancing, and placing certain other restrictions on activities are all measures that can be taken to slow and reduce the spread of COVID-19.
